Synthesis Table (Reference)

Synthesis Table Template				
For each point of information: • Briefly	For each source, indicate how it contributes to the category of information, including: • What does the source have to say about this topic (summary of the source's position/idea)? • Indicate what kinds of assumptions the author makes about this topic. • Indicate what kinds of evidence and examples are provided.			For each category, reflect on the information from the sources and consider:
describe what kind of question or information you are looking for.				Interesting relationships between what the different sources say.
				 The nature of the connections between the sources. Is there debate or agreement?
				Your own position on this idea and how it relates to the other sources.
	Source A	Source B	Source C	Comments/Conclusions
